2. Examples of good practice

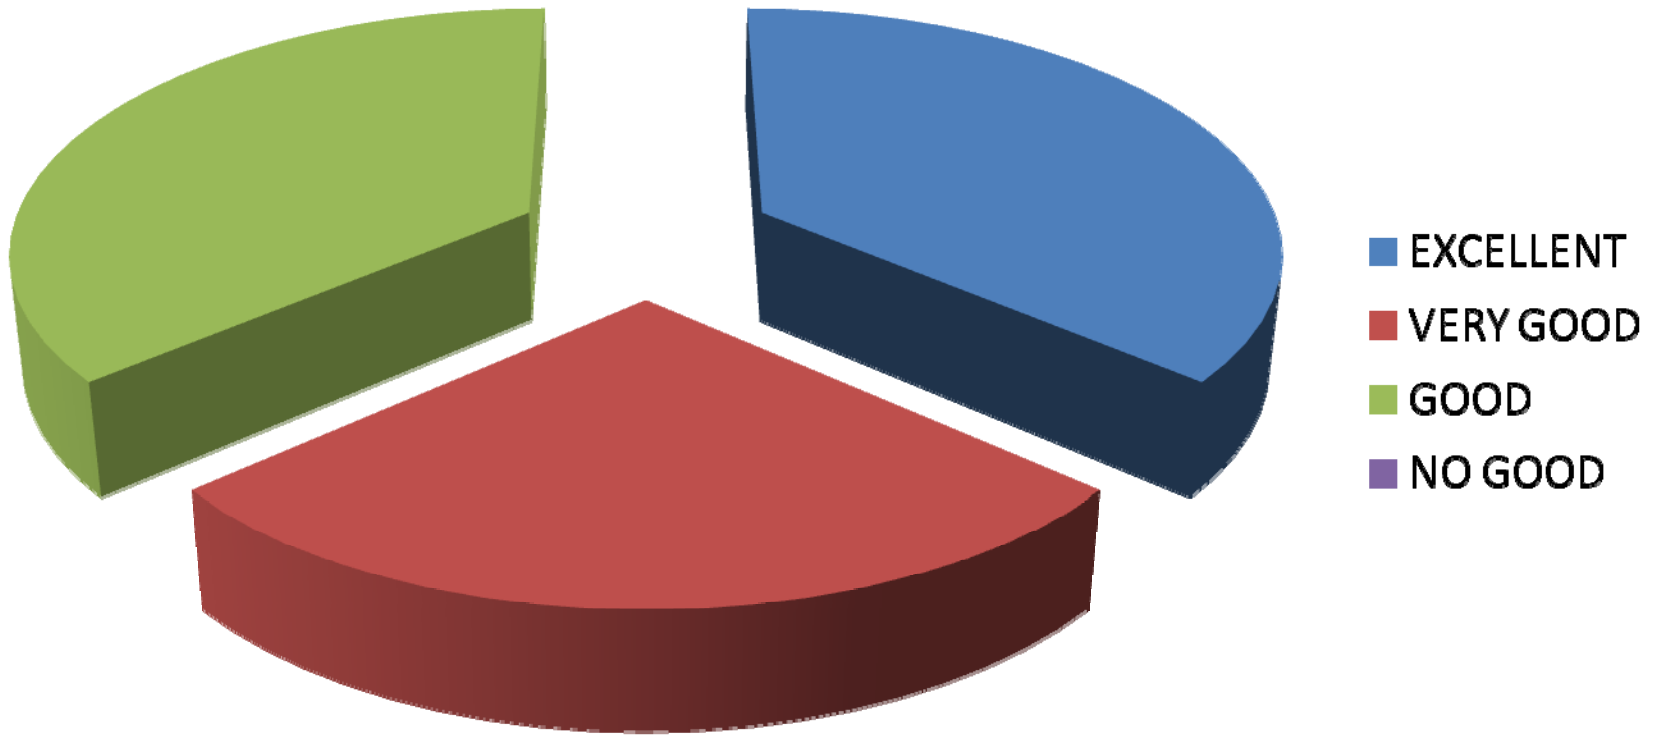

2. Evaluation and further project planning

André Govaert

3. What is your opinion on the meeting agenda in general?

4. What have you learned? Which part of the meeting did you or didn't you like?

I liked IT presentations

I liked the presentations of all the participants

The cooperation framework is the most specific and at the same time the best part of the meeting

I liked everything

IT

I liked the presentations of the IT sector

We should modernize our IT operations like in Sergio's presentation

The presentation from Ćuprija related to the software was nothing special, everything else was ok.

The presentation of the information system was not satisfactory

I liked the proposal of the use of IT in cooperation among colleges

Quality improvement through the future Academy

I liked SWOT analysis and IT

The entire meeting was good

Everything was ok

The entire meeting was planned very well and it was very useful

I learned a lot about the mission, vision and strategic goals as well as about the IT trends

I learned how the IT system works in other institutions

IT

I learned a lot of new details related to the improvement of the educational capacities

Everything was good. All the presentations were successful

5. What are your expectations to be fulfilled before the next meeting or during the next meeting?

What are you going to do next?

I expect that the report on the state of the art of the project will be positively assessed.

To get familiar with the forthcoming activities

It is necessary to harmonize the opinions on establishing the unique IT sector

We should plan the standards for the equipment that will be used for the intranet.

I will do everything that is expected from me. I will think about expectations when I see the new agenda.

Interim report

We will work on the interim report and the specifications of the required equipment

To perform the tasks

To fulfill what has been planned and to check what has been done and how

To continue with the same tempo

To involve as many persons from the institutions as possible

Everything that was presented should be applied. Preparations for the meeting in Porto

To make specifications of the needed equipment

The agreement in the school should be made on the further concrete measures to be taken in the future work

Make preparations so that the improvement proposals can be implemented

To work on the improvement of the IT sector

I expect new information, especially the one that received positive comments in the EU

I expect the interim report to be positively evaluated. We are going to make preparations for the next meeting in Porto

6. Other comments

I expect that the report on the state of the art of the project will be positively assessed.
